Green Shift

Facilitator of Environmental Stewardship

Products

Paper Stock – Variety of Copy & Writing Paper ranging from a minimum of 30% Post Consumer Recycled Content to 100% Post Consumer and Tree Free.

Also a line of folders and envelopes – please enquire for details

Paper Amenities – Recycled toilet paper, facial tissues etc. Either Kraft (non bleached) or whitened with oxygen bleach - No Chlorine!

Cleaners – Excellent “all purpose” soaps and cleaners that surpass all environmental standards for cleaning supplies and work well on almost everything!

Recycling Containers – Virtually any type of recycling container you are looking for. Many are made from 100% recycled fibres such as chip bags – which are typically sent straight to landfill.

Bags – Full line of garbage bags - up to 40% Post Consumer Content. Made in Ontario. Biodegradable bags made from renewable resources – see section 6

Biodegradable/Compostable Bags - Made from bio-polymers (corn starch and cotton seeds), NO GMO's, Multiple Eco Certifications.

Biodegradable Cups - Revolutionary Hot & Cold Drink Cups - Biodegradable materials (& coatings), renewable resources.

Biodegradable Cutlery - Made from bio-polymers (corn starch and cotton seeds), NO GMO's, Multiple Eco Certifications.

Take-out Containers - Plates, Bowls, Take-Out Containers... made from 100% Renewable Resources & 100% Biodegradable.

Chafing Fuel – An ethanol fuel made from sugarcane (a renewable resource) which is safe to use and an excellent replacement for the very toxic diethylene glycol and methyl alcohols!

Food/Bev. – Coffee, Hot Chocolate and Sugar: Fair Trade, Sustainable, Shade Grown, Bird Friendly, Organic, Fresh Roasted... supporting cooperatives around the world.

Other – Green Shift has been building a database of eco alternatives since the mid 90's. Other, non list items are brokered direct from manufacturered or supplied for special orders. If there is something you are looking for, or would like to have researched, please don't hesitate to ask.

Green Shift

Facilitator of Environmental Stewardship

Terms & Conditions:

Prices:

The Green Supply House is a commercial outlet. While small orders are permitted from time to time, prices are based on multiple cases per category (except for items that are sold in concentrate and/or intended as small use).

Prices do not include taxes or shipping. Regular customers with high volumes may receive free shipping if they are in close proximity to the warehouse.

Orders under \$150 will incur a \$10 minimum order charge.

All regular customers will be notified if prices change.

Terms:

Orders received before 12:00pm one day are shipped out the following day. Depending on your location(s) most orders will be received within 1-3 business days, longer for more remote regions.

A request for rush service is possible but does incur an additional charge.

Returns and exchanges are accepted within 15 days of purchase, and must be unopened, in original packaging and accompanied by invoice. Returning is the responsibility of the buyer and is subject to a 20% restocking charge. Unless there is a problem, in which case of course, Green Shift will collect and provide full refund immediately.

COD. Longer terms can be established after 6 months, for greenshifting facilities who have regular monthly orders, or with credit approval.

Each Product Category mentions at the bottom of that section, if there are special terms or savings options.

Guarantees:

Green Shift stands behind the quality of its products. If something does not meet your expectations please tell us. We will do everything we can to rectify the problem in a sensitive and timely fashion.

Legend:

Green Shift performs its own assessment of goods and services however, a part of that means a cross referencing of other programs. The following is an explanation of what this means.

Canada's Eco Logo signifies Certification by Canada's Environmental Choice Program - as a product that is environmentally preferable. [More](#)

US Green Seal - third Party validation/Certification of product meeting set criteria. More info@green seal.org

Chlorine Free Product Association - signifies that no chlorine is used in the production. More info@chlorinefreeproducts.org

The Forest Stewardship Council - Reputable validation of sustainable forest practices. More info@fsc.org

European Union Eco-label - signifies Environmentally Preferable Choice. More info@eco-label.com

No Animal Testing. Our own cross referencing of various Animal Friendly Validations and or written guarantees from manufacturers. (because there is no official regulated seal) Note - not listed on products that are not applicable

Fair Trade Symbol - signifying that workers were paid a fair price for their wares. More info@TransFair.ca
Specifically used for products imported from developing countries where workers are commonly not paid fair wages.

Green Shift Insignia - An umbrella over multiple certifications, and a validation for products that Green Shift has assessed to be exceptional - generally meeting or exceeding multiple standards but sometimes applying to products/companies who cannot afford certification but who have been investigated and have participated in either written validation and/or an on-site examination by Green Shift.

Green Shift Company Logo - Anything and everything sold under the name of Green Shift is done so with the utmost consideration to the full lifecycle impact and thus is an assurance to anyone looking for the most Environmental Choices. Not shown on any individual products as it applies to ALL Products found in the Green Supply House.

Green Shift

Facilitator of Environmental Stewardship

Made in Canada - tree-free where possible. Where trees are involved, from sustainably managed forests, & No chlorine bleach!

Green Shift

Facilitator of Environmental Stewardship

NO VOC's, petrochemicals, phosphates, dyes, synthetic fragrances or preservatives and not tested on animals!

3 Cleaning Solutions		
	Product Description	Unit Price #
<input type="checkbox"/>	<p>All Purpose Cleaner: An excellent all-purpose cleaner sold in concentrate formula, designed for multi-purpose and multi dilutions. 100% biodegradable, renewable resources, Certified Eco-Choice - Meets PRC 097. And No Testing on Animals. Rated Non hazardous by WHMIS/OSHA, No EDTA or NTA! Great for hardwood floors, linoleum, carpets, counters, windows, mirrors, toilets... everything!</p>	
031AA	4ltr jugs x 4 = 1 case (includes 4 microfibre cloths)	\$92.00
	<p>All Purpose Cleaner: Heavy Duty Not quite as eco as Ecogent but it is WHMIS Exempt, No EDTA, No NTA, No Phosphates, and none of the main concerning chemicals. Certified by Canada's Environmental Choice Program under ECP33 which is not as strict as PRC097 and in itself is not enough to tell, but all analysis reveals this to be above most in that class, and certainly miles above the average found on the market.</p>	
031BA	4ltr jugs x 4 = 1 case	\$92.80
<input type="checkbox"/>	<p>Heavy Duty Industrial All Purpose Cleaner and Degreaser: An excellent all-purpose cleaner sold in concentrate formula, designed for multi-purpose and multi dilutions. 100% biodegradable, renewable resources, Certified with Canada's Eco Logo and the US Green Seal . No Testing on Animals! No VOC's, No Caustics or Acids, Non Alkali. Non Toxic, Non Flammable, Non Hazardous. Rated Non hazardous by WHMIS/OSHA and complies with all EPA, USDA, and MIOSHA regulations. Works well for heavy degreasing requirements of big industry. Strong concentrate (ranging from 1:80 to 1:10 depending on application)</p>	
032AA	4ltr jugs x 4 = 1 case strong concentrate	\$92.85
<input type="checkbox"/>	<p>Glass Cleaner: An excellent alternative to Windex! For those who don't have time to dilute Ecogent. No ammonium and void of chemicals of common concern. Certified with Canada's Eco Logo. No Testing on Animals! Almost no VOC's, No Caustics or Acids, Non Alkali. Non Toxic, Non Flammable, Non Hazardous. Rated Non hazardous by WHMIS/OSHA and complies with all EPA, USDA, and MIOSHA regulations. Works very well!</p>	
036AA	4ltr jugs x 4 = 1 case (Pre-Diluted)	\$40.89
<input type="checkbox"/>	<p>Unscented Liquid Hand Soap Made specially to Green Shift standards - Biodegradable, Non Toxic, People and Planet safe. No Testing on Animals! No EDTA, No NTA, No NPE's, No Sodium Lauryl Sulfate, No Sodium Laureth Sulfate, No Phosphates, No artificial fragrances, No unnecessary chemical additives. Carefully manufactured to omit all of the chemicals that are harmful to people or the environment (removing any chemicals that have ever been suspected of causing cancer, drying, defatting and irritating). WHMIS exempt - complies with all EPA, USDA, and MIOSHA regulations. Refill system helps the environment and reduces waste cost.</p>	On hold until further testing. Temp substitute in place
033AA	4ltr jugs x 4 = 1 case	\$35.85
* A variety of dispensers can be provided upon request.

SUBTOTAL OF GARBAGE BAGS:			-

Recent investigation found that Post Consumer content was no longer being added. It is known that this is a very difficult request for thin film. However, added to this, we learned that the manufacturer is about to launch fake biodegradable bags. We are shifting manufacturers to one that we have liked for many years and is wanting to work with us on major environmental initiatives. Enquire if interested.

Little to no recycled content in the clear bags but has the advantage of seeing whats going where.

Green Shift

Facilitator of Environmental Stewardship

Green Shift - Guiding Principles:

- Green Shift talks to and encourages all manufacturers/suppliers about reducing waste, conserving our natural resources, preserving our natural environment and in general about supporting environmentally responsible business. Green Shift always ask suppliers to provide environmental data/information pertaining to their products/services, including source of raw materials, content details, and recyclability of any resulting waste.
- Green Shift supports companies that minimize packaging and/or those who develop innovative methods of reusing, reducing and recycling. This includes companies that offer a pick-up/re-use system, concentrated formulas and bulk buying. When packaging is necessary, Green Shift selects companies that use packaging made from renewable resources and/or the highest post consumer recycled materials, and avoids materials processed with harmful and/or needless chemicals and/or any forms of “troublesome” packaging such as aerosol cans, blister packs, or anything that creates downstream problems.
- Wherever possible Green Shift purchases/uses products that are made with recycled materials. *Examples include office paper, envelopes, file folders, paper towels, toilet paper, garbage bags, cardboard boxes, recycling containers, computer disks, furniture, appliances, construction materials, and numerous forms of packaging.*
- Green Shift does its very best to avoid and find alternatives for manufacturers using any unnecessary chemicals and/or pollution generating substances. Beyond the obvious avoidance of chlorine or petroleum derivatives this includes a large and meticulous cross referencing of chemicals on virtually all databases of safety warnings and "right to know" listings.
- Green Shift considers the entire lifecycle of products and services in it's purchasing decisions and does its best to operate itself in the most environmentally sensitive manner. This includes careful consideration and balancing of the source of raw materials, the manufacturing process (including the waste generated and the water and energy usage), the required transportation, the methods of storage, handling and use of the finished product, and what becomes of the product after it has filled its purpose. *Like many small companies we have limitations on certain aspects of our own processes, such as not owning our own transport fleets, however, we convey a strong message to all of our suppliers and constantly push for improvements.*

In Brief, our purchasing policies are based on a life cycle analysis that assesses the true costs of goods and services. Our objective is to provide cost effective environmental solutions to businesses who care, from businesses who care. Our ultimate goal is to grow Green Shift into a collective voice that together will build a green economy by influencing manufacturers to be green, and most importantly a trusted source that will ensure that they stay green.

A word about our pricing: While Green Shift recognizes that price is not synonymous with cost, we are very competitive with companies who operate at that level. That being said, our guarantee is that our price tag includes time and expertise in sourcing and screening products that are safer and/or healthier to use, cause the least amount of harm to our natural environment, and do the best possible to contribute to the well being of future generations. We value your feedback and feel as strongly about social justice and customer relations as we do about protecting the environment. Our definition of green is simply about health and well being. We aspire to be, to help and to grow healthy business. We hope you will join the *Shift!*
